

Reunited

...and it feels so good!

A Newsletter for the Awesome AHS Class of '59 Volume 9, Number 2 - April 2008

THANK YOU TO THE ARIZONA CHAPTER

Arizona Chapter Comes Together to send Newsletter

What a headline! A real first! For the last many years, the work of putting out the Newsletter fell to the HomeTown Chapter. They have met faithfully several times each year to fold, label, stuff, and secure the envelopes. For the first time, another Chapter did this job! THANK YOU to Jeff and Michelle Pratt for hosting this event at their home in Scottsdale. We all appreciated their labors when we got the January Newsletter. Let's hope that other Chapters can follow the lead of Arizona and have fun getting the job done in the process.

Richard Haworth, Ann Carlisle Garnett, Roy Garr, Paul Miller, Helen Anderson Miller, Bill Mors, Michelle Pratt, Jeff Pratt & Stephanie Sheets Grant

Thank You To:

Jeff & Michelle Pratt, Roy Garr, Bill Mors, Stephanie (Sheets) Grant, Paul & Helen (Meyer) Anderson, Richard Haworth and Gary & Ann (Carlisle) Garnett.

"I opened the door and there was Gary and Ann (Carlisle) Garnett. Roy Garr came after work—we've been friends for a long time—it's always good to see them. Low and behold, "new" friends arrived that we've not seen for a long, long forty-eight years: Richard Haworth, Bill Mors, Stephanie (Sheets) Grant, Helen (Anderson) Meyer and her husband Paul. What a

treat to see old friends & classmates who joined in our newsletter gathering. We talked about old times, new times and good times. We enjoyed our little get together by

sharing our past and hopes for the future with our AHS Class of '59 classmates. We put together the newsletter mailing in fairly short order, while enjoying some local pizza (Rosatti's—that's right Chicago Rosatti's), drinks and small talk. Morale of the story—it's never too late to make new (old) friends and it's always a treat to bring up the "good times" of days gone by. Ten able bodies and we knocked it out in a few hours. We had a blast—wine, pizza and good camaraderie." Jeff Pratt

ARIZONA CHAPTER

We're having fun!

On March 8, 2008, Gary & Ann (Carlisle) Garnett hosted a mini-reunion for the Arizona Chapter that featured wine from their vineyard in Oregon.

50TH REUNION NEWS

Commemorative Booklet

Before you know it, we will be celebrating our 50th reunion from Arlington High School. Where have all the years gone? A group of us have been talking about putting a reunion booklet together—sure to be a best seller among the Class of '59. We will need your input to make this happen. We would love to have 100% participation.

I think most people will be interested in your life these past 50 years. Did you go on to college or pursue a career right away? What type of career have you had? Tell us about your family, your travels, and what your plans are for your retirement years. We'd also like to hear about your grandchildren. If you have a fun story about Arlington, add that too.

We will be using the photo from the 1959 yearbook and it would be great if you would send a current photo. It could be a photo of you or you and your family. If you mail a photo to me, I'll be sure to return it to you.

In order to complete this book before our *Reunion (date to be announced soon)*, we'd like to get started right away. You can either mail me your information or send it via email. Please be sure to include your name (*girls also use your maiden name*), address, and phone number as well as your email address. If you would rather not have this information printed in the book, be sure to let me know that. Otherwise, we will include this information so your friends will be able to contact you in the future—especially if you live in a resort area!!!!

Send your information to:

Janet (Lunsmann) Acker
P.O. Box 1224
Silverthorne, CO 80498
Phone: 303-263-7801
jacker@gozw.net

Thank You!

We had a great response to 50th Reunion Questionnaire found on the back of your last newsletter—so, to those of you who let us know your thoughts, we thank you! We are in the process of summarizing your answers and hope to plan the best Reunion ever.

WEBSITE INSIGHT

Visit our website at:

Thanks to input from some of our classmates both near and far, along with a 'fellow' square dancer, who has designed numerous websites, progress has been made in changing some of the layout for our website.

The idea for **Mark Your Calendar** was taken from our August issue of *Reunited*. As future events are planned, we will list them on our website on both our **Home** and **Events** pages.

CLASSMATE SPOTLIGHT

SUE TABACIK RENAUD

When Pat asked me to write a short auto-bio for this issue, my immediate reaction was, "What? Who? Me?" You see, most of my "noteworthy" accomplishments happened long ago—fondly remembered, but now looked upon as irrelevant and "history" (argh, whoever thought our early lives would someday be considered "the old days"?!).

Yet as a writer, I understand why we all are curious about our classmates' lives. Every one of us has a unique story to tell. Whether reflecting on small achievements or tall accomplishments, by doing so we add another precious piece to the mosaic of our times—and each other. That's why I so love reading about you all, and why I finally said "Yes" to Pat.

Like many of our classmates who couldn't afford college, after graduation I started working downtown at The Pure Oil Company. Sequestered in a small, dull office, I filled my after work hours with part-time college courses, entering the TV/modeling/film industry and volunteering at the USO. Yet in September of 1959, by some quirk of fate, I was transferred to the office of one of Pure's senior vice presidents. Here I was mentored by a wonderful gentleman who not only encouraged all my activities, but also introduced me to the world of politics. I even took my vacation week in July of 1960 to work at the Republican Convention in Chicago, and was subsequently offered a position with the Nixon Campaign in D.C. Ironically, at the same time I had been offered some film "deals" in California. What to do? I chose D.C.

Sue, with her daughter, Janine & grandson, Rafe.

Fortunately, a dear friend and classmate, Gay Henriksen, also wanted to spread her wings, so at the ripe age of eighteen, we boarded a jet at O'Hare and headed east.

Back then, Washington was not only safe and fascinating, but a single girl's paradise. Many interesting hours were not only spent in the company of Richard Nixon and his staff, but also others ranging from Senator Everett Dirksen to even Miss America. I worked long and happy hours on the campaign, and was devastated when we lost to Kennedy. But, I was soon employed by a leading D.C. attorney, Abe Fortas (who was later appointed to, then released from, the Supreme Court). And yes, somewhere I still have tucked away my ticket to Kennedy's Inaugural Gala!

I later married, had a daughter and continued living on the East Coast until returning to Illinois in 1967. There I worked for several interesting organizations, including one developed by W. Clement Stone (insurance magnate and the originator of the famous Positive Mental Attitude). While working for IBM, I was transferred to Atlanta and lived there happily for the next twenty-six years, until finally ending up in Charleston, S. C.

Throughout the years, I've experienced a lot of love, laughter, loss and limitation. For example, in the early '80's I was diagnosed with a combination of Multiple Sclerosis and Fibromyalgia, which certainly changed my life and ambitions. Rallying took time and determination, but today I live as normal a life as anyone else our age (well, almost). The good news is that a lot of imposed quiet time helped re-ignite my passion for the written word and in the last twenty-five years, I have had many articles published. I also have two books gathering dust—waiting for editing and a willing publisher. My daughter is also in the early stages of compiling a book of my "inspirational" letters to her.

To say the least, I am very fortunate to have a wonderful daughter, son-in-law, and super fantastic six year-old grandson. We now all live together with Georgia, a lab mix, and Jasmine, an energetic Weimaraner, in what some call Paradise by the Sea. We all stay ultra busy, but God has been good to me, and I feel very blessed.

Only one thing is lacking. I haven't been back to Illinois since 2000, and I'm getting homesick. The last reunion I attended was in 1969 and at the time I left the celebration, some of you all were dancing on the tables...hmmm. So, I am anxious to come home in 2009 for our Fiftieth Reunion (I have a hard time comprehending that number!). I certainly hope you do likewise—even if only to see if any of us can even climb up on a table anymore! As soon as a date is finalized, mark your calendar so something else doesn't interfere! In the meantime, I remember you all with a smile and look forward to not only our reunion, but also reading the next auto-bio—maybe yours! God bless!

Fondly, Sue Tabacik smrenaud@bellsouth.net

To our classmate's mate, **MARV JOHNSON**, husband of **RUTH (WEBSTER) JOHNSON**, who is fighting colon cancer.

Our Deepest Sympathy and Prayers go out to:

Our deepest sympathy to the family of our classmate and friend **GAIL ISSLHARDT MORRISON**. Gail passed away September 30 at the age of 66. She is survived by her husband, Lyle; her mother and best friend, Bee Isselhardt; her son, Robb Riesch and grandson, Jimmy Riesch; and by members of her extended family. After obtaining an Associate in Arts degree from Stephens College and a Bachelor of Science degree from the University of Wisconsin, Gail moved to Grand Rapids where she taught special education and speech pathology in the Forest Hills school system. Her avocation became politics - namely, Republican politics. After leaving teaching, she worked in Washington D.C. as a staff member of first, President Ford and later, President Reagan. When President Ford launched his campaign for a full four-year term, Gail, along with her mother and many others from the area, volunteered to work in the appointed states to get the

vote out for the President. That group was called the "Scatter Blitzers." They worked hard knocking on doors for the President. Gail worked tirelessly for the party and was recognized on many occasions at the County, State and National level for her dedication to whatever task she was asked to perform. She was a long-time member of the Gerald R. Ford Republican Women's Club. After her marriage to Lyle, she retired from her position as the Regional Director for Development of the American Heart Association. Gail recently retired as a member of the National Selective Service Board and was duly recognized for her 15+ years of service to that organization. Gail was a long-time member of Cascade County Club and Ada Congregational Church. She was a beautiful lady, with impeccable taste, whose presence made good times great times.

Our deepest sympathy to the family of our classmate and friend, **DONALD L. AHMER** of Lake in the Hills, IL and also of Estero, FL. Don died Tuesday, Feb. 5, 2008, of heart failure, after giving so much of his heart to those in his life. Don founded Read Excavating Co., Inc. in 1972, and retired as CEO in October 2007. He is lovingly remembered as the husband of Diane; father of Donald Jr. (Lisa) and Brad (Jodi); brother of James and Judith; "Papa" of Mikey, Charlie, Ben, Olivia and Seth; and friend of many.

To our classmates, **JEAN CONROY NEMER**, and **JIM CONROY**, on the death of both parents, Jim & Margurite Conroy, both 91. Mr. Conroy died on October 24, 2007, and Mrs. Conroy died on November 24, 2007. They loved to travel, especially to Ireland where they went at least 7 times. They did what they called "the pub tour" of Ireland and met many wonderful friends. Their neighbors described them as a "wild" pair since they loved dancing, partying and wearing outrageous costumes on Halloween. According to Jean, they were a "hoot" and will be missed so very much.

To our classmate, **DOUG YATES**, and family, on the death of Doug's father, James Yates, 96, of Arlington Heights since 1941. Mr. Yates passed away on February 1, 2008. Mr. Yates co-founded Protection Controls, Inc., where he served as the company's President. He was a member of the Carcajou Shooting Club and was active in Boy Scouts and a social fraternity from college.

To our classmate, **DIANE ANISLIE DIEDERICH**, and family, on the death of Diane's mother, Betty Mae Ainslie, 91, of Arlington Heights. Mrs. Anislie wrote a column for 17 years in the Arlington Heights Herald. On a sad note, her husband of 68 years, Fred Anislie, passed away this past November.

To our classmate, **MARTHA MILLS PAPAS**, and family, on the death of Martha's father, Edward L. "Bud" Mills, 88, USAF Retired, of Arlington Heights. Mr. Mills, an AHS graduate, owned and operated Webber Paint Co. in Arlington Heights for over 30 years.

ARTICLE ABOUT JEAN & JACK'S WEDDING

We received this nice note from **FRED HERDT, JR. (Fountain Hills, AZ)**: I had fame & fortune at an early age but my life was empty. Something was missing. When my ex-wife divorced me, it gave me an opportunity to look back and reflect on my life and I came to the realization that fame and fortune was not the answer for me.

What was most important was my personal relationship with Jesus Christ. I told my friends I would never marry again unless she was a Christian woman. Seventeen long, lonely years later, I met my current wife by accident.

The first question I asked her was her name, the second was do you go to church. She said yes she does every week and four months later we were married. She is the best friend, wife, mother and business partner I ever had. She helped me turn my whole life around.

The joy we have shared everyday for the last nine years, I wish I could share with everyone. When I married her, I told her I'm too old to have children and she said that was okay, I was a child enough for both of us.

That was our plan, but once again God had a better plan. We have a 7 year old daughter, Esther Ann, a 4 1/2 year old son, Fredrich III, and finally two months ago, we had another wonderful experience, a beautiful daughter, Catherine Marie.

There's not enough words to tell you the joy that is in my house daily. It's like Christmas 365 days a year. Why this beautiful Christian woman chose to marry an old man like me I will never know but I sure am glad.

Your former classmate & friend, Fredrich Herdt, Jr. & family

RON & MARY CONRAD (Thornhill, Ontario) sent us this note: We enjoy all the news, and here is ours. Retired from teaching (at Ryerson University and Seneca College), we greatly enjoy spending time with our three young grandchildren. We also love the Canadian outdoors. In Sept. '07 we did 6 days of wilderness backpacking on the north shore

of Lake Superior. Last summer we hiked in the Rockies and kayaked on the Saguenay. Also in recent years we've hiked the Inca Trail (Peru), backpacked the West Coast Trail (Vancouver Island), backpacked the Western Uplands Trail (Algonquin Provincial Park), and the Cloche Silhouette Trail (100 km., Killarney Provincial Park), and hiked the 840 km. Bruce Trail (Ontario). Hope to see you at the 50th.

SHIREE STADNICK ROBERTS, (Sekiu, WA) shared some memories with us: I remember the toboggan run in Deer Grove—I sure liked that! I recall once when four or five of us, all hanging on to each other, forgot to

hold on to the toboggan. Half way down the hill, we hit a bump and for a split second, while flying through the air, I saw the toboggan going along side of us—that was just before we all landed in the cattail end of the ice pond! Great fun!

three to four weeks and he often works under floodlights late into the night. He lives locally in Greenfield, Iowa and he got a call one night from the guys at an American Legion Post in Colorado. Each Legionnaire took a turn with him on the phone and talked to him all night about what it meant to all Vets to have that rock painted. After that, the young painter agreed to keep on painting the rock each year, and he has kept his word.

While I was standing there looking at the rock, I was near a group of folks from Florida who were talking about what an impressive thing it was. I overheard them discussing the meaning of the words, "Semper Fi" that were painted prominently on the rock. They did not know what the phrase meant, so I thought I would tell them that the Marine Corps motto is short for *Semper Fidelis*, which means *Always Faithful*. While trying to do so, I found myself choking up and had to turn away. That's the effect it had on me.

I think I know how you all feel about our country and our military, so I thought I would share this story that happened to me and Bev in America's Heartland, Iowa.

JANET (CLOUD) VARNEY (Brunsville, MN) wanted us to know: Our classmate, **KATHY (DAY) SLOTTAG (Lake in The Hills, IL)** and I renewed our friendship a few years ago and we keep in close touch now. Kathy doesn't get out much, as she

has an oxygen tank with her at all times. She has been in and out of the hospital a lot over the past few years but has a wonderful outlook on life and the future.

Kathy Day Slottag is residing in Lake of the Hills, near Algonquin IL. She has been married to Harold (Butch) Slottag, Class of '55 for 43 years. Kathy and Butch have three children, four grandchildren and two great grandchildren. Kathy enjoys watercolor painting, crocheting, cooking and canning. Currently at home and suffers from pulmonary fibrosis (scarring of the lung) and primary biliary cirrhosis (inflammation of the small bile ducts within the liver). The last few years have been quite difficult health wise as she has other conditions secondary to the two listed above. She does not have a computer, but would love hearing from you. Her address is: 17 Grant Ave, Lake in the Hills, IL 60156.

DICK YAGER, Interlocken, MI sent a note: Over the years, we have thoroughly enjoyed the Class of '59 newsletter. After Tip sent you his info, Karen thought I should do the same. Married to Karen 44 years in November, we have three daughters and six grandchildren. After living 35 years on Whidbey Island, WA and working at the Canadian/US border below Vancouver, B.C. in a legal capacity for an import-export company, and after seven heart attacks from 1980-1990, I retired. We moved to northern MI and live on a backwoods lake in Interlocken, where we enjoy family visits and the tranquility of life – particularly kayaking and fishing. Fall colors in northern MI will peak in about a week, and we're looking

forward to winter (and the approximate 2' of lake-effect snow we have on the ground at any one time).

My twin, Tip, spends three months in the summer/fall at the Otter Lake family home about 20 minutes away before he returns to NM and CA. Our families are very close and make the most of our time together.

Wishing you a Happy & Healthy New Year!
